To whom it may concern,

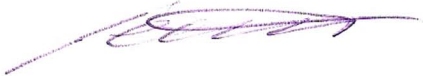

I am pleased to write a letter of recommendation for Bally Bakker. In the spring of 2011, mr Bakker was my Dutch teacher during my "intermediate" level Dutch course.

I appreciated the following aspects of the course:

1. The teaching methodology was very 'problem oriented'. He was always flexible to incorporate and cover the demands and questions I had in a very effective manner.
2. The materials used for the lessons were appropriate for the level I required.
3. I enjoyed learning a lot about the Dutch culture, politics and social life.
4. Mr Bakker created a very sociable atmosphere during the lessons which made it easy to enjoy the learning experience.

I truly enjoyed learning with Mr Bakker and I can recommend his services to anyone who wants to learn Dutch.

Sincerely,
