Subject: Referral - Dutch Language Teacher

To Whom it May Concern:

I highly recommend Bally Bakker as a teacher for Dutch language and culture. I was a student in Bally's Dutch for Beginners 10-lesson course, and thoroughly enjoyed the introduction to everything Dutch.

Bally employed various teaching methods for introducing the Dutch language. The core of the lessons was always speaking – in dialogue and questions/answers. Bally focused on practical conversational situations so that students could directly apply them in their everyday lives.

Bally has a wonderful rapport with people of all ages and cultural backgrounds. His ability to address the needs of each student make him an outstanding teacher. He also actively participates in extracurricular activities that he organizes for the students. These activities provide students with the opportunity to learn the Dutch language while also experiencing some cultural immersion. He is a teacher with great initiative and with a very positive attitude.

I recommend Bally as a language teacher without reservation.
